

Company Profile

WHO WE ARE

We are obviously proud to say that since our company's original inception in 1934 Merrifield Real Estate has grown to become one of Albany's most respected real estate sales and property management companies.

As a wholly Albany owned and operated company with directorship experience of over 70 years – we are one of Albany's longest established real estate office's – with an acknowledged record of achievement for our clients.

Thanks to a continued dedicated team and the high proportion of repeat business we enjoy – we are constantly achieving even higher sales and listings sold.

WHAT WE BELIEVE

We believe that our clients are entitled to the highest standards of service and care.

We also believe that each client is a special individual to be respected.

THE COMPANY TODAY

- Our people are our major asset and we believe we have the best. Their results prove that they know their business, work hard to achieve top results for their clients and are not prone to exaggeration or false promises. Put simply they are dedicated to obtaining the best possible prices for their clients in the shortest possible time with the least possible inconvenience.

- Our experience covers general residential real estate sales and property management, rural and special rural property sales, commercial and industrial sales, leasing and business sales.

- Whilst we remain proudly independent, we are also long established members of REIWA and Landlink – a 50 office strong client referral network throughout the state.

- With a staff of 13 people, access to advanced world wide Internet marketing techniques and our connection with independent brokers we believe we are ideally placed to guarantee the high level of service YOU as a client deserve.

HOW WE BEHAVE

In all our interactions with our clients, their families, customers, business associates and colleagues we seek to deal with others, as we would have them deal with us. We demonstrate our beliefs most meaningfully in the way we treat each other and by the example we set for one another.
